Dear Mr. Ford

On June 18, 1998, we received your response to our Plan of Operations for milling and stockpiling activities on the Dolomite 1-3, 10-12, and 23-26 mill sites located in T. 1S., R. 7W., Section 25. Chemical Lime Company (CLC) requests a 90 day extension to comply with item 5 of the document. This item refers to CLC's storing of metal parts within this area and the Bureau's demand to have all parts removed within 30 days from the date of the letter.

CLC understands that any appeals to items within the letter, must be made within 30 days. CLC will contact the BLM within the specified time, concerning issues needing apeals.

Sincerely,

Russ Curtis  
Plant Manager (CLC - Grantsville)
